NEWSLETTER 01

Welcome

by Mitja Margon, President of JK Pirat

Dear sailing friends,

This is the opening Newsletter for this year's Sailing Point Easter Optimist Regatta. It's our new way of communicating with you and to give all new friends a warm welcome to our main yearly event.

We are proud to announce that beside new Club and Race Management, we are introducing many new features for this traditional event. We listened to all involved, we gathered all past experiences, but probably most important of all: we listened to all the coaches and as a result we are introducing quite a few new things to upgrade the event you all will hopefully like even more.

Definitely – the main change is an **extra (4th) sailing day,** which will enable us all to offer more quality sailing. Our PRO is presenting (see below) the "on water" news and we can assure you that this year's edition will add a rich social program to the regatta and bring even more fun to the on-shore part of the event.

We are pushing and working hard to exceed your and our expectations in delivering an unforgettable event. Please feel free to contact us for more info and don't hesitate to send the entry form (published on our website - Easter Regatta Section).

Racing Course News

by Bojan Gale, PRO

Dear participants of Sailing Point Easter Regatta,

As already announced, we are very excited to welcome you to this year's edition, since we have big news for you:
beside an extra sailing day, we fulfilled another gap and introduced (kindly see NoR) a unique addition - **a new category and a second racing area**. The idea of adding an own race course to the youngest (i.e. Rookies), will offer safer sailing and possibility to spectators (i.e. parents) to follow their dearest sailing closer to the shore. My reinforced team and I will make sure that we'll run smooth and fair races that will bring joy and **satisfaction*** to biggest number of participants as possible.

We'll make sure that the best will win, but also that everyone would feel comfortable and safe and enjoy one of the nicest sailing bays in Europe.

See you soon!

* **satisfaction** /sæisfækshn/:
[uncountable, countable] the **good feeling** that you have when you have achieved something or when something that you wanted to happen does happen; something that gives you this feeling

Accommodation

by JK Pirat

For those who are still looking for accomodation, we are suggesting some options, based on partnership and past experience.

Our main partner is Hoteli Bernardin with their resort just few steps from the club. Their biggest hotel (Histrion) is under main renovation and therefore closed, so run fast for remaining rooms in other hotels from Bernardin group! See contacts on Page 3.

Our recommendation for your booking tool or information link is our Tourist Board Portorož, our official partner and their www.portoroz.si platform:
